

Learning for Life Curriculum Map

Curriculum Intent

To create a Learning For Life Curriculum that:

- Encourages students to reflect on what influences someone's identity and to understand and maintain boundaries around their personal privacy
- Enables students to reflect on different types of relationships, in different settings including online
- Ensures students understand how to maintain a healthy and balanced lifestyle
- Ensures students can identify and manage risk and maximise their personal safety
- Inspires students to have due regard for diversity and equality
- Helps students to understand theirs and others' rights and responsibilities
- Helps students to develop their resilience and strategies to cope with change

Ensures that students are prepared for life beyond their school curriculum including enterprise, employability and finance
